Ensure faster ROI in your cloud infrastructure investments

with LTIMindtree's cloud and infrastructure services

Our Cloud and Infrastructure Services (CIS) are delivered by experts who have certified partner competencies. Our teams bring speed and precision to cloud transformation services. This means our clients, several of whom feature on the Fortune 500 list, have unlocked ROI on their CIS investments faster. We offer services in three business categories. Each category has a portfolio of service offerings aligned to it.

Business Engagement Services

Embark Cloud
Tailored cloud strategy with measurable outcomes in line with business needs

Cloud Valuate
Cloud suitability assessment for transformation and GRC analysis

Enterprise Cloud Secure
– Cloud-native security reviews and audits for well-architected framework and best practices

Business Enhancement Services

Cloud Platform Build (Smart Build)
Rapid programmatic platform provisioning for cloud foundation

Cloud Migration
Rapid, repeatable, automated movement of workloads to cloud

Industry Cloud
Heavily customized fit-for-purpose, industry-specific (COPE | Bank in Box| Media cube| Aspentech)

Business Reliability Services

Cloud Run
Platform-based cloud monitoring and management for multi-Cloud

Boundaryless Operations - Proactive, predictive management of multi-cloud applications, data, infrastructure, and hypers (FinOps | SecOps | SRE | AIOps))

Extreme Automation (BARC)
Everything-as-a-code (EaaC) is a mindset shift from repetitive and error-prone manual operations to using software development best practices across the whole SDLC

Our CIS services benefit IT services leaders, technical managers, B2B buyers, security strategists, and implementation experts. We can help address their main pain points, including

Gain visibility and control over costs

Utilize niche technical expertise

Make credible industry experience available

Upgrade technology

Remain ahead of the technology enhancement curve

Achieve business-aligned targets and objectives

We have migrated one of the largest SAP systems and achieved 3x faster response time for the world's leading cosmetics firm. Through the migration, we delivered the following.
